IV. INDIANA STATE NURSES ASSISTANCE PROGRAM

Charles Lindquist, ISNAP Program Director, presented the monthly report to the Board. Mr. Lindquist informed the Board that ISNAP has, as of May 1, 2010, 588 active clients, 19 new intakes, 70 intakes in process, 37 closures in monitoring and 24 new Recovery Monitoring Agreements returned.

Mr. Lindquist addressed the attendees at the Board Meeting at the request of the Board President and described the nature of the ISNAP program, which provides monitoring and assessment / treatment referral services to nurses licensed in Indiana who meet the program's monitoring criteria.

V. EDUCATION

A. Education Subcommittee Report

Sean Gorman reported the items discussed at the April 16, 2010 Education Subcommittee Meeting. One of the big topics of discussion among the attendees of that meeting was exploring the possibility of the Board simply requiring national accreditation at some point, rather than offer State Board accreditation alone indefinitely. The discussion included participation by IPLA Chief Legal Counsel, who advised that the Board may do this without a statutory change, and perhaps with minimal or no rule changes. It was also discussed whether NLNAC or CCNE would be able to expand their

accreditation process to include initial accreditation, as those bodies currently begin their accreditation process after a school has already been established and is admitting students.

The Education Subcommittee also discussed the option of the Board completely removing itself from the process of program approval.

Other points considered:

Would employers who currently refuse to employ graduates of non nationally accredited nursing programs hire those students who have graduated prior to the program achieving national accreditation?

If the Board is going to require national accreditation yet remain responsible for initial State accreditation, in what time frame will programs be required to achieve national accreditation? How can the Board increase its resources to be able to adequately review, approve, and monitor nursing programs in the State?

Should fees be imposed for new program application, and what should those fees look like? An alternative might be to require new schools to employ a Board approved nursing education consultant in the development of a new program.

What are the differences between national accreditation standards used by NLNAC, CCNE, and the Board's requirements for initial accreditation?

What about schools that continue to fall below the Board's required pass rate for more than 3 consecutive years?

ISNA Executive Director Ernie Klein spoke and suggested that the Board consider requesting legislative action that would apportion a percentage of licensing fees to a dedicated fund used for program review and monitoring activities.

Following Board discussion of the Education Subcommittee's discussion, a motion was made and seconded to require national accreditation by NLNAC or CCNE for all new programs within 3 years of initial accreditation. The Board will inform all schools of this expectation.

NARWOLD/LAUX
Motion Carried 7-0-0

B. 2009 Adjusted Pass Rates; Programs identified as requiring Board review

The pass rates for Indiana nursing programs in 2009 were calculated, as well as the adjusted pass rates. For all first time test takers of the NCLEX-PN nationally, 85.7% of students passed. The calculated one standard deviation below that national pass rate was calculated as 84.8%. For all first time test takers of the NCLEX-RN nationally, 88.4% of students passed. The standard deviation below the national average for that test was calculated at 87.8%.

Considering the adjusted pass rates for 2009, one BSN program, Anderson University, has posted 3 or more years of substandard pass rates. 4 ASN programs have posted 3 or more consecutive years of substandard pass rates: Ancilla College, Ivy Tech Gary, Ivy Tech Valparaiso, and Ivy Tech Columbus. One LPN program posted 3 or more years of substandard pass rates: Brown Mackie Merrillville.

A motion was made and seconded to send a letter to these institutions requiring the submission of a corrective action plan for Board review.
